NUMBER II.

collect, hoard, secrete and lock up vast ers them from bottling up God's free sums of the universally accepted representative of the laborer's productions, thus holding from circulation and the producer's needs that which feeds and clothes his family, and then under the specieus plea of the scarcity of money, they bring it forth only to exact exorbites interest from all those whose presentative consisted in being itant interest from all those whose pres-sing necessities drive hither. It matters stronger than their neighbors. Under not what amount of disasters from the an equitable condition of affaias no man elements, misfortunes from unavoidable will claim the soil except those who wish events, or sickness and suffering, fall to produce raiment for the naked and upon the producers of that wealth, those food for the hungry. notes, bonds and securities, keep on by night and by day, sucking up and con-stantly drawing in, like the leadstone the surrounding minerals, the mechanic's blood and farmer's sweat and toil .-This Shyleck exacts from all his legal rus is allowed to pick up crumbs at his gate, unless he returns crumb for crumb, and no deg of this modern Dives licks his sores, except at a clear profit of twen-

Which, being dug from the bowels of the earth, And cast into the fire, comes out a thing Which fools admire and call a god."

When the number is taken into conideration, no class of drones so obstructs the natural flow and dries up the sary surroundings to a life of affluence legitimate channels of human wealth as and case. this class of human robbers. When the government instituted the present national banking system, it threw every producer of wealth into the hands anat the mercy of a few sordid, greedy animals—the bulls and bears of Wall for several hundred. Farmers and mestreet—enabling them to lock up the chanics cannot afford to pay several circulating wealth of the nation, thus hundred dollars yearly, to keep up this not only deranging business and des gorgeous show of carved stone, frescoed troying all certainty and removing all wails and stained glass, so they leave GENERAL BLACKSMITH, business stability, but carrying want and these robbers of the poor to worship suffering to the poor and unfortunate. comfortably in their cushioned seats, It is stated by the comptroller of curren- with satisfied consciences, while they go cy that \$7,000,000 of the circulation is forth in field, forest or park to commune that locked away while we are groaning with God, or gather at the free libraries and reading rooms—which they have ent banking system is rumous and des by their persistency and wisdom forced tructive to the interests of labor, as by open on Sunday. Because of the weakit the banks are constantly sucking into ness and ignorance of the producers of OLD SHOP. (4th Street.) SA LINA. KANS. those huge black vaults the wealth so wealth the above classes I have enumer much needed among the poor. The ated manufacture law to please their banking system of America has ever sordid love of gain and on the consecratbeen a system of human robbery that a ed altar they erect the golden calf, and few might roll in wealth and riot in lux thus far nearly all men have fallen down

productions of the farmers, until hunger and starvation are willing to pay a premium to these criminals for their hoarding the food they so sadly need. The counterpart in the chattle slavery so refact that the producers of wealth will cently abolished in the South. hunger for food, that the toiling millions Who says there is no need of of earth will peaceably labor on half ra-tions and quietly wait for the very ne-cessities of existence while the worth-less drones are holding on for a "rise," is a sad one, as it shows us the ignorance and weakness of the producers of wealth calculated to dignify an ennoble the soul as well as the combined strength of the of productive industry, while it will purobbers and drones, who thus subsist rify, elevate and more fully educate the upon the very men they constantly rob. laboring classes. B. A. FARMER.

One can see these sleek, well-fed suckers congregated in little squads on every "Sister, are you happy?" sunny morning, calculating from the fresh market reports the chances for a in Beelzebub's bosom."
grab, and hoping that war, pestilence or "Not, Beelzebub's." grab, and hoping that war, pestilence or famine may increase their chances of a steal from the mouth of poverty and care which." from the table of want and destitution. They often pocket mere money in an hour's sharp practice on 'Change than a farmer can not in a year, and frequently some poor hungry son of toil, under cover of darkness, steal a bushel of corn from the farmer's crib, and the prison

turns for such investments, though their again." The teacher fainted. profits all come from labor and they grow rich from half paid toil. These poor, in the shape of mortgages and one of the craythers sarching for us bonds, and then absorb excessive fares wid a lantern!" laws in the interest of these monopolies; times as high as Trinity steeple, and you bribe our judges and juries, who decide have our height above New York bay—law in their favor; lobby congress by dealing out to its members their imthis point is about three and a half feet. mensely profitable stock; wheedle and flatter other drones to work in their farebbery. Railroads are or can be made ing failures here and there, one of the a blessing, while such one-sided, grasping best wheat, crops it has ever gathered. and inhuman monopolies are a curse to human labor and a constant drain on

the laborers prosperity.

Next come the land monopolists, who absorb this natural wealth that they may deal it cut to the farmers at large profits, thus driving this industrious class into almost complete isolation, where they lose nearly all advantages of OGDEN BEER combination and sociality. This production of nature, instead of ever remaining to all who would cultivate it, free and unincumbered, is often is large tracts left a dreary, uninhabited wild, subject to the will or caprice of men of every class of drones I have mentioned who wring from the hard calloused

This landed proprietorship is but one step in advance of the old manor rule of England, as it brings the small land-owners and bumble cultivators of the soil, by thus scattering their forces, In my classification of human drones, under the almost complete dominion of the next come to the bankers. This class these rich modern lerds. Nothing hind-

Next come our commercial class, who pile wealth upon wealth by buying cheaply the productions of foreign labor and selling dearly to home consumers.

Those who leave home and friends that beld at the school house in Saline, as follows, viz: they may labor on the deep through the This Shyleck exacts from all his legal pound flesh; yea, he respects no law except the stern mandate of that graven image implanted in his greedy nature, as he goes on cutting pound after pound of living, quivering flesh from his unfortunate and helpless vicim. No poor Lazante and mercial exchanges and passing over to others who earn the wealth the remainder, they press every bargain as closely as possible, that they also may revel in wealth and luxfiry earned by the prehis sores, except at a clear pront of twenty per cent. It is here we beheld lockty per cent. It is here we beheld lockducer. The acme of human perfection

Proposed Amendment

To the Constitution of the State of Konans, enterital by the Legislature at its last section, for the ratifica-tion or rejection of the electors of the State at the next general election. Such a section of the state of the next general election.

[Substitute for the House Joint Resolution No. 17, pro-viding for an amendment to the Constitution.

Re it Resolved by the Legislature of the State of Kansus two thirds of the members elected weach House concur-ring therein.

Isro thirds of the members elected so each House concurring therein:

SECTION 1. That section two article two, of the Constitution of the State of Kanasa, be amended so as to read as follows: The number of Representatives and Senators shall be regulated by law, but shall never exceed one hundred and twenty-five Representatives and forty Senators. From and after the adoption of the amendment the House of Representatives shall admit one member from each county in which at least free hundred and fifty votes were cast at the next preceding election; and each organized county in which is so than two hundred legal votes were cast at the next preceding general election shall be attached to and constitute a part of the representative district of the county lying next adjacent to it on the cast.

SEC 3. This amendment shall be submitted to the elections of this State, for adoption or rejection, at the next general election.

SEC 3. The ballots used at said election shall be written or printed as follows: "For amendment to section two, article two, of the Constitution."

SEC 4. This act shall take effect and be in force, from and after its publication in the Kanasa Wesley Commenced.

Commenced A.

I hereby crelify that the above Joint Resolution orig mated in the House of Representatives Pebrurary 5, 1673, and passed that body Februrary 28, 1673, two thirds of all the members elect voting therefor.

JOSIAIR KELLJOGG,
Speaker of the House of Representatives.

ALEX. R. BANES,
Chief Clerk of the House of Representatives.
